## SUMMARY SECTION

**Investment Objective:** The Fort Pitt Capital Total Return Fund (the “Fund”) seeks to realize the combination of long-term capital appreciation and income that will produce maximum total return.

**Fees and Expenses of the Fund:** This table describes the fees and expenses that you may pay if you buy, hold, and sell shares of the Fund. You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the tables and example below.

<b>SHAREHOLDER FEES</b> (fees paid directly from your investment)	None
<b>ANNUAL FUND OPERATING EXPENSES</b> (expenses that you pay each year as a percentage of the value of your investment)	
Management Fees	0.76%
Distribution and/or Service (12b-1) Fees	0.00%
Other Expenses	0.42%
Total Annual Fund Operating Expenses	1.18%
Less: Fee Waiver	-0.18%
Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement <sup>(1)</sup>	1.00%

(1) Kovitz Investment Group Partners, LLC (the “Advisor”), has contractually agreed to waive all or a portion of its management fees and reimburse Fund expenses to ensure that Total Annual Fund Operating Expenses (excluding interest, taxes, brokerage commissions, acquired fund fees and expenses (“AFFE”), extraordinary expenses, Rule 12b-1 fees, shareholder servicing fees or any other class-specific expenses) do not exceed 1.00% of the Fund’s average daily net assets (“Expense Cap”). The Expense Cap will remain in effect through at least February 28, 2027, and may be amended or terminated only by the Fund’s Board of Trustees (the “Board”). The Advisor is permitted to seek reimbursement from the Fund, subject to certain limitations, of fees waived, payments made or expenses reimbursed to the Fund for a period ending 36 months after the date of the waiver, payment or reimbursement. This reimbursement may be requested from the Fund if the reimbursement will not cause the Fund’s annual expense ratio to exceed the lesser of (a) the expense limitation amount in effect at the time such fees were waived, payments made or expenses reimbursed, or (b) the expense limitation amount in effect at the time of the reimbursement.

**Example:** This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of these periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same (taking into account the Expense Cap only in the first year). Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

<u>1 Year</u>	<u>3 Years</u>	<u>5 Years</u>	<u>10 Years</u>
\$102	\$357	\$632	\$1,416

**Portfolio Turnover:** The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund’s performance. During the most recent fiscal year, the portfolio turnover rate for the Fund was 14% of the average value of its portfolio.

**Principal Investment Strategies of the Fund:** The Fund has a long-term investment outlook and generally undertakes a “buy and hold” strategy in order to reduce turnover and maximize after-tax returns. Under normal market conditions, the Fund will invest primarily in common stocks of large and mid-sized U.S. companies that the Advisor considers to be profitable and which have returns on equity near or higher than their peers, and that the Advisor believes are undervalued as measured by their price-to-earnings (“P/E”) ratio. Return on equity measures how much profit a company generates with the money that shareholders have invested in the company, and is calculated by dividing net income by shareholder equity. The Fund currently considers companies with a market capitalization between \$2 billion and \$10 billion to be mid-sized companies and companies with a market capitalization over \$10 billion to be large-sized companies. The Fund also may purchase small capitalization stocks (companies with less than \$2 billion in market capitalization). The Fund may from time to time emphasize investments in certain sectors of the market. Industry and sector classifications can differ widely amongst various data sources and financial institutions.

A portion of the Fund’s assets may also be invested in fixed income investments (primarily U.S. government obligations) when the Advisor determines that prospective returns from fixed income securities are competitive with those of common stocks. The percentage of assets allocated between equity and fixed income securities is flexible rather than fixed. The Fund will only invest in fixed income investments which are rated investment grade, or BBB and above as defined by S&P Global Ratings (“Standard & Poor’s<sup>®</sup>”) or Baa and above by Moody’s Investors Service, Inc. (“Moody’s”). The Fund may invest in fixed income investments of any maturity.

The Fund also may invest without limit in American Depositary Receipts (“ADRs”), which are equity securities traded on U.S. exchanges, that are generally issued by banks or trust companies to evidence ownership of foreign equity securities. The Fund may also invest up to 10% of its net assets in other mutual funds, including exchange-traded funds (“ETFs”).

With respect to the selection of stocks in which the Fund invests, the Advisor identifies stocks for investment using its own research and analysis techniques, and supplements its internal research with the research and analysis of major U.S. investment and brokerage firms.

**Principal Risks of Investing in the Fund:** The risks associated with an investment in the Fund can increase during times of significant market volatility. There is the risk that you could lose all or a portion of your money on your investment in the Fund. The principal risks that could adversely affect the Fund's net asset value ("NAV"), yield and total return include:

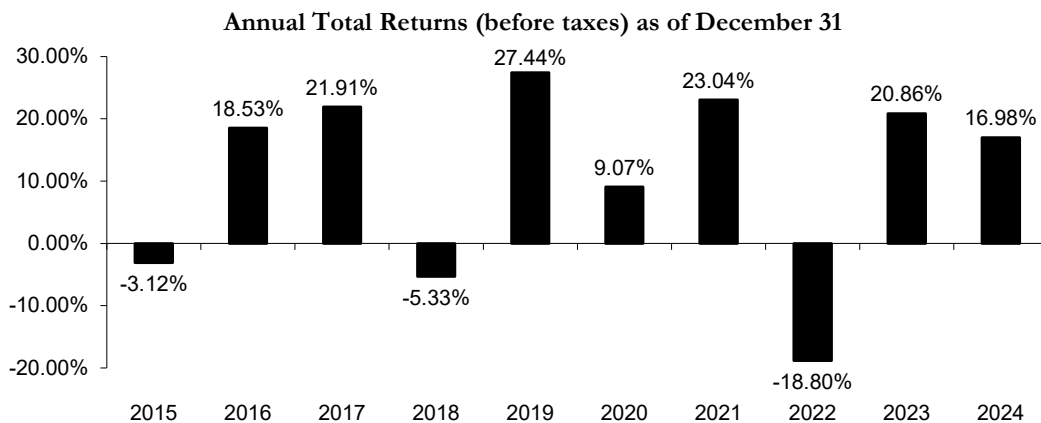

- **Sector Emphasis Risk.** Securities of companies in the same or related businesses, if comprising a significant portion of the Fund's portfolio, could react in some circumstances negatively to market conditions, interest rates and economic, regulatory or financial developments and adversely affect the value of the portfolio to a greater extent than if such business comprised a lesser portion of the Fund's portfolio.
- **Financials Sector Risk.** The performance of companies in the financials sector, as traditionally defined, may be adversely impacted by many factors, including, among others, changes in government regulations, economic conditions, and interest rates, credit rating downgrades, adverse public perception, exposure concentration and decreased liquidity in credit markets. The impact of changes in regulation of any individual financial company, or of the financials sector as a whole, cannot be predicted.
- **Industrials Sector Risk.** Companies in the industrials sector may be adversely affected by changes in government regulation, world events and economic conditions. In addition, companies in the industrials sector can be adversely affected by environmental damages, product liability claims and exchange rates.
- **Information Technology Sector Risk.** Market or economic factors impacting information technology companies and companies that rely heavily on technological advances could have a significant effect on the value of the Fund's investments. The value of stocks of information technology companies and companies that rely heavily on technology is particularly vulnerable to rapid changes in technology product cycles, rapid product obsolescence, government regulation and competition, both domestically and internationally, including competition from foreign competitors with lower production costs. Stocks of information technology companies and companies that rely heavily on technology, especially those of smaller, less-seasoned companies, tend to be more volatile than the overall market. Information technology companies are heavily dependent on patent and intellectual property rights, the loss or impairment of which may adversely affect profitability.
- **General Market Risk.** Economies and financial markets throughout the world are becoming increasingly interconnected, which increases the likelihood that events or conditions affecting a single issuer, country or region will adversely impact markets or issuers in other countries or regions. Securities in the Fund's portfolio may underperform in comparison to securities in general financial markets, a particular financial market or other asset classes due to a number of factors, including: inflation (or expectations for inflation); interest rates; global demand for particular products or resources; natural disasters or events; pandemic diseases; terrorism; real or perceived adverse economic conditions; military conflict; political turmoil; social unrest; regulatory events; and government controls. U.S. and international markets have experienced significant periods of volatility in recent years and months due to a number of economic, political and global macro factors, which has resulted in disruptions to business operations and supply chains, stress on the global healthcare system, growth concerns in the U.S. and overseas, staffing shortages and the inability to meet consumer demand, and widespread concern and uncertainty. Continuing uncertainties regarding interest rates, inflation, political events, U.S. government debt and trade tensions also contribute to market volatility. Conflict, loss of life and disaster connected to ongoing armed conflict between Ukraine and Russia in Europe and Israel and Hamas in the Middle East could have severe adverse effects on the region, including significant adverse effects on the regional or global economies and the markets for certain securities. The U.S. and the European Union imposed sanctions on certain Russian individuals and companies, including certain financial institutions, and have limited certain exports and imports to and from Russia. The war has contributed to market volatility and may continue to do so.
- **Interest Rate Risk.** The Fund's investments in fixed income securities will change in value based on changes in interest rates. If rates increase, the value of these investments generally declines. Securities with greater interest rate sensitivity and longer maturities generally are subject to greater fluctuations in value.
- **Equity Securities Risk.** The price of equity securities may rise or fall because of economic or political changes or changes in a company's financial condition, sometimes rapidly or unpredictably. In addition, as noted below, certain sectors of the market may be "out of favor" during a particular time period which can result in volatility in equity price movements. These price movements may result from factors affecting individual companies, sectors or industries selected for the Fund's portfolio or the securities market as a whole, such as changes in economic or political conditions.
- **Large Capitalization Company Risk.** Larger, more established companies may be unable to respond quickly to new competitive challenges like changes in consumer tastes or innovative smaller competitors. In addition, large-cap companies are sometimes unable to attain the high growth rates of successful, smaller companies, especially during extended periods of economic expansion.
- **Small- and Medium-Capitalization Company Risk.** Investing in small and medium capitalization companies can be riskier than investing in larger, more established companies due to, among other things, narrower product lines, more limited financial resources and fewer experienced managers. Securities of small-cap or medium-cap companies may trade less frequently and in smaller volumes than securities of larger companies.
- **Credit Risks.** If an issuer or guarantor of a debt security held by the Fund or a counterparty to a financial contract with the Fund defaults or is downgraded or is perceived to be less creditworthy, or if the value of the assets underlying a security declines, the value of the Fund's portfolio will typically decline to some extent. The Fund could lose money if an issuer or guarantor of a fixed income security is unwilling or unable to make timely payments to meet its contractual obligation on an investment held by the Fund.
- **U.S. Government Obligations Risk.** U.S. government obligations are viewed as having minimal or no credit risk but are still subject to interest rate risk. Securities issued by certain U.S. government agencies and U.S. government-sponsored enterprises are not guaranteed by the U.S. government or supported by the full faith and credit of the United States. If a government-sponsored entity is unable to meet its obligation, the performance of the Fund may be adversely impacted.

- **American Depositary Receipts Risk.** Investing in ADRs may involve risks in addition to the risks in domestic investments, including less regulatory oversight and less publicly-available information, less stable governments and economies, and non-uniform accounting, auditing and financial reporting standards. Certain countries may limit the ability to convert ADRs into the underlying foreign securities and vice versa, which may cause the securities of the foreign company to trade at a discount or premium to the market price of the related ADR.
- **Investment Company Risk.** When the Fund invests in other investment companies, such as an ETF or mutual fund, it will bear additional expenses based on its pro rata share of the investment company’s operating expenses, including the management fees of unaffiliated funds in addition to those paid by the Fund. The risk of owning an investment company generally reflects the risks of owning the underlying securities the investment company holds. The Fund may also incur brokerage costs when it purchases shares of investment companies.
- **Yield Curve Risk.** This is the risk that there is an adverse shift in market interest rates of fixed income investments. The risk is associated with either flattening or steepening of the yield curve, which is a result of changing yields among comparable bonds with different maturities. If the yield curve flattens, then the yield spread between long- and short-term interest rates narrows and the price of a bond will change. If the curve steepens, then the spread between the long- and short-term interest rates increases which means long-term bond prices decrease relative to short-term bond prices.

**Performance.** Effective November 1, 2024, following an internal restructuring, the Advisor began serving as the Fund’s investment adviser. Prior to November 1, 2024, Fort Pitt Capital Group, LLC (the “Prior Advisor”) served as the Fund’s investment adviser. The Advisor was under common control with the Prior Advisor and the portfolio manager of the Fund did not change.

On June 28, 2024, the Fund acquired all of the assets, and assumed all liabilities, of the Fort Pitt Capital Total Return Fund, a series of Advisors Series Trust (the “Predecessor Fund”), in a tax-free reorganization (the “Reorganization”). In connection with the Reorganization, shares of the Predecessor Fund were exchanged for shares of the Fund. The Predecessor Fund had an investment objective and strategies that were, in all material respects, the same as those of the Fund, and was managed in a manner that, in all material respects, complied with the investment guidelines and restrictions of the Fund. In addition, the Fund’s portfolio manager managed the Predecessor Fund at the Prior Advisor from 2021 until the Reorganization. The Fund’s performance shown below for periods prior to June 28, 2024 is that of the Predecessor Fund. The Fund is a continuation of the Predecessor Fund and assumed the performance and accounting history of the Predecessor Fund as of the date of the Reorganization. Therefore, the performance information includes the performance of the Predecessor Fund. Prior to the Reorganization, the Fund was a “shell” fund with no assets and had not yet commenced operations. The Fund’s performance for the period from the Reorganization until November 1, 2024, reflects the management of the Fund by the Prior Advisor.

The Predecessor Fund was organized on July 15, 2011 to acquire the assets and liabilities of the Fort Pitt Capital Total Return Fund, a series of Fort Pitt Capital Funds (the “Prior Predecessor Fund”), which commenced operations on December 31, 2001, in exchange for shares of the Predecessor Fund. Accordingly, the Predecessor Fund is the successor to the Prior Predecessor Fund. The Predecessor Fund had an investment objective, strategies and policies substantially similar to the Prior Predecessor Fund, which was advised by the Prior Advisor. The following information provides some indication of the risks of investing in the Fund by showing the performance of the Fund’s shares from year to year and by showing the Fund’s average annual total returns compared with those of a broad-based market index. The performance of the Fund and of the Predecessor Fund was calculated net of the Fund’s and Predecessor Fund’s respective fees and expenses. The Fund’s performance has not been restated to reflect any differences in expenses paid by the Predecessor Fund and those paid by the Fund. The Predecessor Fund’s performance is included because the Fund believes that the performance information presented is relevant for consideration by prospective Fund investors. **Although the actual performance of the Predecessor Fund is not the performance of the Fund, the Fund has adopted the performance of the Predecessor Fund as its performance. Such performance is not necessarily indicative of the Fund’s future performance.** Updated performance information is available on the Fund’s website at [www.FortPittCapitalFunds.com](http://www.FortPittCapitalFunds.com) or by calling the Fund toll-free at 1-866-688-8775.

During the period shown on the bar chart, the Fund’s highest and lowest quarterly returns are as follows:

<b><u>Highest Quarter:</u></b>	<b><u>Lowest Quarter:</u></b>
Q4 ended December 31, 2020    18.18%	Q1 ended March 31, 2020    -24.97%

<b>Average Annual Total Returns (For the Periods Ended December 31, 2024)</b>	<b>1 Year</b>	<b>5 Years</b>	<b>10 Years</b>
<b>Fort Pitt Capital Total Return Fund</b>			
Return Before Taxes	16.98%	9.03%	10.04%
Return After Taxes on Distributions	12.35%	6.52%	8.11%
Return After Taxes on Distribution and Sale of Fund Shares	13.39%	6.89%	7.89%
<b>S&amp;P 500® Index<sup>(1)</sup></b> (reflects no deduction for fees, expenses or taxes)	25.02%	14.53%	13.10%

(1) The S&P 500 Index is a market-capitalization-weighted index of the 500 largest U.S. publicly traded companies. The S&P 500 Index is a float-weighted index, meaning company market capitalizations are adjusted by the number of shares available for public trading. Investors cannot invest directly in an index or benchmark. Index returns are gross of any fees, brokerage commission or other expenses of investing.

After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on your tax situation and may differ from those shown. Furthermore, the after-tax returns are not relevant to those who hold their Fund shares through tax-deferred arrangements such as 401(k) plans or individual retirement accounts (“IRAs”).

## Management

**Investment Adviser:** Kovitz Investment Group Partners, LLC is the Fund’s investment adviser.

**Portfolio Manager:** Dan Eye has served as the Predecessor Fund’s Portfolio Manager since 2021 and is primarily responsible for the day-to-day management of the Fund.

## Purchase and Sale of Fund Shares:

You may purchase or redeem Fund shares on any business day by written request via mail (Fort Pitt Capital Total Return Fund, c/o Ultimus Fund Solutions, LLC, 225 Pictoria Drive, Suite 450, Cincinnati, OH 45246), by telephone at 1-866-688-8775, or through a financial intermediary. You may also purchase or redeem Fund shares by wire transfer. Investors who wish to purchase or redeem Fund shares through a financial intermediary should contact the financial intermediary directly. The minimum initial and subsequent investment amounts are shown below.

<b><u>Type of Account</u></b>	<b><u>To Open Your Account</u></b>	<b><u>To Add to Your Account</u></b>
Regular Accounts	\$2,500	\$100
Qualified Retirement Accounts	\$2,500	Any amount
Coverdell Education Savings Accounts	\$2,000	Any amount
Automatic Investment Plan Participation	\$1,000	\$100

**Tax Information:** The Fund’s distributions are taxable, and will be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an IRA. Distributions on investments made through tax-deferred arrangements may be taxed later upon withdrawal of assets from those accounts.

**Payments to Broker-Dealers and Other Financial Intermediaries:** If you purchase Fund shares through a broker-dealer or other financial intermediary, the Fund and/or the Advisor may pay the intermediary for the sale of Fund shares and related services. Currently, because the Fund has not enacted a formal Distribution and Service Plan (defined within the statutory prospectus), payments to intermediaries are being paid by the Advisor, not the Fund. These payments create conflicts of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

## MORE INFORMATION ABOUT THE FUND'S PRINCIPAL INVESTMENT STRATEGIES, PRINCIPAL RISKS AND DISCLOSURE OF PORTFOLIO HOLDINGS

### INVESTMENT OBJECTIVE AND PRINCIPAL INVESTMENT STRATEGIES

#### Investment Objective

The investment objective of the Fund is to realize the combination of long-term capital appreciation and income that will produce maximum total return. This objective is non-fundamental, which means that it may be changed or modified in the future by action of the Fund's Board of Trustees without shareholder approval. Shareholders will receive 60-day advance written notice of any change in the Fund's investment objective. There is no guarantee that the Fund will achieve its investment objective.

#### Principal Investment Strategies

The Fund has a long-term investment outlook and generally undertakes a "buy and hold" strategy in order to reduce turnover and maximize after-tax returns.

The Fund seeks to produce maximum total return. Under normal market conditions, the Fund will invest primarily in common stocks of large and mid-sized U.S. companies. Under normal market conditions, the Fund primarily invests in domestic (U.S.) common stocks that the Advisor considers to be profitable and which have returns on equity near or higher than their peers, and that the Advisor believes are undervalued as measured by P/E ratio. Return on equity measures how much profit a company generates with the money that shareholders have invested in the company, and is calculated by dividing net income by shareholder equity. The Fund may invest a portion of its total assets in shares of companies which sell at an above-average P/E ratio or are not yet profitable, but show a dominant share of revenue in a rapidly growing or emerging industry, such as technology and biotechnology. Accordingly, the Advisor seeks to invest in companies with the potential for strong growth with a comparatively low P/E ratio.

The Fund currently considers companies with a market capitalization between \$2 billion and \$10 billion to be mid-sized companies and companies with a market capitalization over \$10 billion to be large-sized companies. The Fund also may purchase small capitalization stocks (companies with less than \$2 billion in market capitalization), or preferred stock, warrants, rights or other securities that are convertible into or exchangeable for shares of common stock. The Fund may from time to time emphasize investments in certain sectors of the market. Industry and sector classifications can differ widely amongst various data sources and financial institutions.

A portion of its assets may also be invested in fixed income investments (primarily U.S. government obligations). The percentage of assets allocated between equity and fixed income securities is flexible rather than fixed. The Fund will only invest in fixed income investments which are rated as investment grade, or BBB and above as defined by Standard & Poor's® or Baa and above by Moody's. The Fund may invest in fixed income investments of any maturity.

When the Advisor determines that prospective returns from fixed income securities are competitive with those of common stocks, it may invest Fund assets in fixed income investments (primarily U.S. government obligations). In its analysis, the Advisor compares the valuation of the Standard & Poor's ("S&P") 500® Index to historical valuations as well as to the yield to maturity of long-term U.S. Treasury bonds. This comparison is based on the value of the S&P 500® Index and the expected earnings of the S&P 500® Index. If the Advisor deems the S&P 500® Index to be overvalued on a risk-adjusted basis relative to long-term U.S. Treasury bonds, the Fund may invest in fixed income securities. Although there is no limit or minimum on the amount of Fund assets that may be invested in fixed income investments, the Advisor anticipates that such investments will be no more than one-third of the Fund's total assets.

The Fund also may invest without limit in ADRs, which are equity securities traded on U.S. exchanges, including the Nasdaq Global Market®, that are generally issued by banks or trust companies to evidence ownership of foreign equity securities. An ADR entitles the holder to all dividends and capital gains earned by the underlying foreign shares. The Fund may also invest up to 10% of its net assets in other mutual funds, including ETFs.

**Temporary Defensive Investments.** The Fund has authority to invest up to 100% of its assets in short-term money market instruments, including money market funds, for temporary defensive purposes when the Advisor believes market, economic, political or other conditions are unfavorable for investors. In temporary defensive situations, the Fund will be unable to pursue its investment goal of long-term capital appreciation and income.

**Cash Management.** The Fund may also temporarily invest in money market instruments or in U.S. Treasury bills during times when excess cash is generated from new sales of the Fund's shares, when income is paid on securities held by the Fund or when cash is held pending investment in suitable stocks or other fixed income securities. To the extent that the Fund uses a money market fund for its cash position, there will be some duplication of expenses due to the Fund's pro rata portion of such money market fund's advisory fees and operational expenses.

**Stock Selection Process.** The Advisor identifies stocks for investment using its own research and analysis techniques, and supplements its internal research with the research and analysis of major U.S. investment and brokerage firms. When analyzing a company's growth prospects, the Advisor considers the growth in a company's market share and unit sales, as well as growth in overall revenues and earnings per share. The Advisor uses a proprietary database containing detailed financial information for over 6,000 companies to analyze comparative growth rates, and looks for companies that are growing substantially faster than their peers in the same industries. The Advisor determines whether a company's growth rate can be sustained over time by analyzing the fundamental financial strength of the company, as evidenced by its debt burden or its ability to generate excess cash.

Once the Advisor identifies a company that it has determined would fit the Fund's investment strategy, it seeks to purchase the company's stock at reasonable prices. Using fundamental financial statement analysis, the Advisor compares a company's P/E ratio with its growth rate, in order to evaluate the price of the stock relative to its future earnings. The Advisor generally seeks companies with P/E multiples as low as one times the company's growth rate. When deciding between two companies that may fit the Fund's investment strategy, the Advisor will normally choose the company which has a lower P/E compared to its growth rate. This approach is designed to enable the Fund to pay a lower price for the future earnings stream of one company versus another company with a similar earnings stream.

The Advisor purchases stocks for the Fund with the intention of holding them for at least three to five years. The Advisor will sell a stock when it believes the underlying company's intrinsic value has been fully realized, when growth prospects falter due to changing market or economic conditions, or when earnings fail to meet the Advisor's expectations. The Advisor determines that a company's intrinsic value has been fully realized by comparing current enterprise value (equity plus outstanding debt at market value) with its discounted estimate of future cash flows. The discount rate employed in this calculation consists of the current yield-to-maturity of the 30-year U.S. Treasury plus an equity premium.

Although the Advisor intends to hold stocks for three to five years, it may sell stocks and other investments regardless of how long they have been held. When the Advisor sells individual stocks, it attempts to manage the liquidation process to take advantage of longer holding periods for favorable capital gains tax rates in order to optimize after-tax returns to Fund shareholders.

**Fixed Income Security Selection Process.** The Advisor seeks fixed income investments that it considers as investment grade instruments. For purposes of the Fund, it determines whether the security is "investment grade" by considering if it is at the time of purchase, an "investment grade" debt instrument as rated by a nationally recognized statistical rating organization. Investment grade debt securities are generally considered to be those rated "Baa" or better by Moody's or "BBB" or better by Standard & Poor's®, or if the security is unrated, as determined to be of comparable quality by the Advisor. A fixed income security may also be selected if it is issued under favorable terms in light of the then state of the fixed income and equity investment markets, the most important terms of which would be duration and interest rate.

## PRINCIPAL RISKS OF INVESTING IN THE FUND

Investments in securities are subject to inherent market risks and fluctuations in value due to earnings, economic and political conditions and other factors, therefore, the Fund may not achieve its investment objective. Since the price of securities the Fund holds may fluctuate, the value of your investment in the Fund may also fluctuate and you could lose money. An investment in the Fund should be considered a long-term investment, one with a minimum investment horizon of three to five years. The Fund's success depends on the skill of the Advisor in evaluating, selecting and monitoring the Fund's investments. If the Advisor's conclusions about growth rates or stock values are incorrect, the Fund may not perform as anticipated. Although the Advisor selects stocks based upon what the Advisor believes to be their potential for long-term earnings growth, there can be no assurance that this potential will be realized.

The principal risks of investing in the Fund are described below. These risks could adversely affect the NAV, total return, and value of the Fund and your investment in the Fund.

**Sector Emphasis Risk.** The Fund may, from time to time, invest a significant amount of its portfolio in securities of issuers principally engaged in the same or related businesses. Market conditions, interest rates and economic, regulatory or financial developments could significantly affect a single business or a group of related businesses. Securities of companies in such business or businesses, if comprising a significant portion of the Fund's portfolio, could react in some circumstances negatively to these or other developments and adversely affect the value of the portfolio to a greater extent than if such business or businesses comprised a lesser portion of the Fund's portfolio.

**Financials Sector Risk.** The performance of companies in the financials sector, as traditionally defined, may be adversely impacted by many factors, including, among others, changes in government regulations, economic conditions, and interest rates, credit rating downgrades, adverse public perception, exposure concentration and decreased liquidity in credit markets. The impact of changes in regulation of any individual financial company, or of the financials sector as a whole, cannot be predicted.

**Healthcare Sector Risk.** The Fund may invest a substantial portion of its assets directly or indirectly in securities issued by healthcare companies and, as a result, the performance of the Fund will be impacted by economic, political and regulatory risks or other occurrences associated with the healthcare industry. Healthcare companies may be significantly affected by product obsolescence, thin capitalization, limited product lines and markets, civil liability claims and legislative or regulatory activities, among other factors.

**Industrials Sector Risk.** Companies in the industrials sector may be adversely affected by changes in government regulation, world events and economic conditions. In addition, companies in the industrials sector can be adversely affected by environmental damages, product liability claims and exchange rates.

**Information Technology Sector Risk.** The Fund may invest in companies in the information technology sector, and therefore the performance of the Fund could be negatively impacted by events affecting this sector. Market or economic factors impacting information technology companies and companies that rely heavily on technological advances could have a significant effect on the value of the Fund's investments. The value of stocks of information technology companies and companies that rely heavily on technology is particularly vulnerable to rapid changes in technology product cycles, rapid product obsolescence, government regulation and competition, both domestically and internationally, including competition from foreign competitors with lower production costs. Stocks of information technology companies and companies that rely heavily on technology, especially those of smaller, less-seasoned companies, tend to be more volatile than the overall market. Information technology companies are heavily dependent on patent and intellectual property rights, the loss or impairment of which may adversely affect profitability. Additionally, companies in the information technology sector may face dramatic and often unpredictable changes in growth rates and competition for the services of qualified personnel.

**General Market Risk.** Economies and financial markets throughout the world are becoming increasingly interconnected, which increases the likelihood that events or conditions affecting a single issuer, country or region will adversely impact markets or issuers in other countries or regions. Securities in the Fund's portfolio may underperform in comparison to securities in general financial markets, a particular financial market or other asset classes due to a number of factors, including: inflation (or expectations for inflation); interest rates; global demand for particular products or resources; natural disasters or events; pandemic diseases; terrorism; real or perceived adverse economic conditions; military conflict; political turmoil; social unrest; regulatory events; and government controls. U.S. and international markets have experienced significant periods of volatility in recent years and months due to a number of economic, political and global macro factors, which have resulted in, among other results, disruptions to business operations and supply chains, stress on the global healthcare system, growth concerns in the U.S. and overseas, staffing shortages and the inability to meet consumer demand, and widespread concern and uncertainty. Continuing uncertainties regarding interest rates, inflation, political events, U.S. government debt, and trade tensions also contribute to market volatility. Conflict, loss of life and disaster connected to ongoing armed conflict between Ukraine and Russia in Europe and Israel and Hamas in the Middle East could have severe adverse effects, including significant adverse effects on the regional or global economies and the markets for certain securities, as well as increased regional and global market volatility.

**Interest Rate Risk.** Bond prices generally rise when interest rates decline and decline when interest rates rise. The longer the duration of a bond, the more a change in interest rates affects the bond's price. Short-term and long-term interest rates may not move the same amount and may not move in the same direction. Other types of securities also may be adversely affected from an increase in interest rates. Over the past several years, the Federal Reserve has maintained the level of interest rates at or near historic lows. However, more recently, interest rates have begun to increase as a result of action that has been taken by the Federal Reserve, which has raised, and may continue to raise, interest rates. Changing interest rates may have unpredictable effects on the markets and the Fund's investments. The Fund may be exposed to heightened interest rate risk as interest rates rise from historically low levels. Fluctuations in interest rates may also affect the liquidity of fixed income securities and instruments held by the Fund.

**Equity Securities Risk.** The Fund is designed for long-term investors who can accept the risks of investing in a portfolio with significant common stock holdings. The prices of common stocks move up or down (sometimes rapidly and unpredictably) in response to general market and economic conditions, interest rates, investor perception and anticipated events, as well as the activities of the particular issuer. Stock market risk may affect individual companies, industries, sectors, or the securities markets generally.

**Large-Capitalization Company Risk.** The stocks of larger companies may underperform relative to those of small and mid-sized companies. Larger, more established companies may be unable to respond quickly to new competitive challenges, such as changes in technology and consumer tastes. Many larger companies may not be able to attain the high growth rate of successful smaller companies, especially during extended periods of economic expansion.

**Small- and Medium-Capitalization Company Risk.** Investments in small and medium capitalization companies may be riskier than investments in larger, more established companies. The securities of smaller companies may trade less frequently and in smaller volumes than securities of larger companies. In addition, smaller companies may be more vulnerable to economic, market and industry changes. As a result, share price changes may be more sudden or erratic than the prices of other equity securities, especially over the short term. Because smaller companies may have limited product lines, markets or financial resources or may depend on a few key employees, they may be more susceptible to particular economic events or competitive factors than large capitalization companies.

**Credit Risk.** If an issuer or guarantor of a debt security held by the Fund or a counterparty to a financial contract with the Fund defaults or is downgraded or is perceived to be less creditworthy, or if the value of the assets underlying a security declines, the value of the Fund's portfolio will typically decline to some extent. The Fund could lose money if an issuer or guarantor of a fixed income security is unwilling or unable to make timely payments to meet its contractual obligation on an investment held by the Fund. Even if issuers are able to make interest or principal payments, they may suffer adverse changes in financial condition that would lower the credit quality of the security, leading to greater volatility in the price of the security.

**U.S. Government Obligations Risk.** Not all securities issued by U.S. Government agencies or government-sponsored entities are guaranteed by the full faith and credit of the United States. The Government National Mortgage Association ("GNMA"), a wholly owned U.S. Government corporation, is authorized to guarantee, with the full faith and credit of the U.S. Government, the timely payment of principal and interest on securities issued by institutions approved by GNMA and backed by pools of mortgages insured by the Federal Housing Administration or the Department of Veterans Affairs. U.S. Government agencies or government-sponsored entities (*i.e.*, not backed by the full faith and credit of the U.S. Government) include the Federal National Mortgage Association ("FNMA") and the Federal Home Loan Mortgage Corporation ("FHLMC"). Pass-through securities issued by FNMA are guaranteed as to timely payment of principal and interest by FNMA but are not backed by the full faith and credit of the U.S. Government. FHLMC guarantees the timely payment of interest and ultimate collection of principal, but its participation certificates are not backed by the full faith and credit of the U.S. Government. Additionally, the U.S. government and its agencies and instrumentalities do not guarantee the market values of their securities, which may fluctuate. If a government-sponsored entity is unable to meet its obligations, the performance of the Fund may be adversely impacted. U.S. Government obligations are viewed as having minimal or no credit risk but are still subject to interest rate risk.

**American Depositary Receipts Risk.** Investing in ADRs may involve risks in addition to the risks in domestic investments, including less regulatory oversight and less publicly-available information, less stable governments and economies, and non-uniform accounting, auditing and financial reporting standards. Certain countries may limit the ability to convert ADRs into the underlying foreign securities and vice versa, which may cause the securities of the foreign company to trade at a discount or premium to the market price of the related ADR.

**Investment Company Risk.** When the Fund invests in other investment companies, such as an ETF or mutual fund, it will bear additional expenses based on its pro rata share of the investment company's operating expenses, including the management fees of unaffiliated funds in addition to those paid by the Fund. The risk of owning an investment company generally reflects the risks of owning the underlying securities the investment company holds. The Fund may also incur brokerage costs when it purchases shares of investment companies.

Many ETFs seek to replicate a specific benchmark index. However, an ETF may not fully replicate the performance of its benchmark index for many reasons, including the temporary unavailability of certain index securities in the secondary market or discrepancies between the ETF and the index with respect to the weighting of securities or the number of stocks held. Lack of liquidity in an ETF could result in an ETF being more volatile than the underlying portfolio of securities it holds. In addition, because of ETF expenses, compared to owning the underlying securities directly, it may be more costly to own an ETF. The Fund also will incur brokerage costs when it purchases ETFs.

**Fixed Income Securities Risk.** When the Fund invests in fixed income securities, the value of your investment in the Fund will fluctuate with changes in interest rates. Typically, a rise in interest rates causes a decline in the value of fixed income securities owned by the Fund. In general, the market price of fixed income securities with longer maturities will increase or decrease more in response to changes in interest rates than shorter-term securities. Other risk factors include credit risk (the debtor may default) and prepayment risk (the debtor may pay its obligation early, reducing the amount of interest payments). These risks could affect the value of a particular investment by the Fund, possibly causing the Fund's share price and total return to be reduced and fluctuate more than other types of investments. The fixed-income securities market can be susceptible to increases in volatility and decreases in liquidity. New regulations applicable to, and changing business practices of, financial intermediaries that make markets in fixed income securities have resulted in less market making activity for certain fixed income securities, which may reduce the liquidity and may increase the volatility for such fixed income securities. Liquidity may decline unpredictably in response to overall economic conditions or credit tightening. For example, a general rise in interest rates may cause investors to move out of fixed income securities on a large scale, which could adversely affect the price and liquidity of fixed income securities and could also result in increased redemptions for the Fund. Heavy redemptions could cause the Fund to sell assets at inopportune times or at a loss or depressed value and could hurt the Fund's performance. Duration risk arises when holding long duration and long maturity investments, which will magnify certain risks, including interest rate risk and credit risk. Longer-term securities may be more sensitive to interest rate changes. Effective duration estimates price changes for relatively small changes in rates. If rates rise significantly, effective duration may tend to understate the drop in a security's price. If rates drop significantly, effective duration may tend to overstate the rise in a security's price.

**Yield Curve Risk.** This is the risk that there is an adverse shift in market interest rates of fixed income investments. The risk is associated with either flattening or steepening of the yield curve, which is a result of changing yields among comparable bonds with different maturities. If the yield curve flattens, then the yield spread between long- and short-term interest rates narrows and the price of a bond will change. If the curve steepens, then the spread between the long- and short-term interest rates increases which means long-term bond prices decrease relative to short-term bond prices.

## PORTFOLIO HOLDINGS INFORMATION

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the Fund's SAI. In addition, the Fund may publish on its website ([www.FortPittCapitalFunds.com](http://www.FortPittCapitalFunds.com)) each calendar quarter: (a) top ten portfolio holdings of the Fund and the percentage that each holding represents of the Fund's portfolio, and (b) the sector allocation for the Fund's portfolio, in each case no earlier than twenty calendar days after the end of each calendar quarter. This information will be available on the Fund's website until the next quarter in which portfolio holdings are posted in accordance with the above policy.

## INVESTMENT ADVISOR AND PORTFOLIO MANAGER

Beginning on November 1, 2024, following an internal restructuring, Kovitz Investment Group Partners, LLC, located at 71 South Wacker Drive, Suite 1860, Chicago, IL 60606, began serving as the Fund's investment adviser. Prior to November 1, 2024, Fort Pitt Capital Group, LLC ("Fort Pitt Capital"), served as the Fund's investment adviser. Focus Financial Partners, Inc. is the ultimate parent company of the Advisor. The Fort Pitt Capital Group division of the Advisor is responsible for managing the investment of the Fund's portfolio of securities. The Advisor identifies companies for investment, determines when securities should be purchased or sold by the Fund and selects brokers or dealers to execute transactions for the Fund's portfolio.

The Advisor currently manages approximately \$6.3 billion of client assets, of which approximately \$2.3 billion is invested in 100% equity securities as of December 31, 2024. The Advisor's clients include families, individuals, foundations and other organizations or entities.

The Advisor receives a management fee from the Fund at an annual rate of 0.76% of the Fund's average daily net assets.

**Fund Expenses.** The Fund is responsible for its own operating expenses. However, the Advisor has contractually agreed to waive all or a portion of its management fees and reimburse the Fund for expenses (excluding interest, taxes, brokerage commissions, AFFE, extraordinary expenses, Rule 12b-1 fees, shareholder servicing fees or any other class-specific expenses) in order to limit Total Annual Fund Operating Expenses to 1.00% of average daily net assets for the Fund's shares through at least February 28, 2027. The term of the Fund's operating expenses limitation agreement is indefinite, and it may be terminated by the Board. The Advisor may request recoupment of previously waived fees and paid expenses in any subsequent month in the 36-month period from the date of the management fee reduction and expense payment if the aggregate amount actually paid by the Fund toward the operating expenses for such fiscal year (taking into account the reimbursement) will not cause the Fund to exceed the lesser of: (1) the expense limitation in place at the time of the management fee reduction and expense payment; or (2) the expense limitation in place at the time of the reimbursement.

A discussion regarding the basis of the Board's approval of the investment advisory agreement is available in the Fund's Form N-CSR filing with the SEC for the fiscal year ended October 31, 2024.

The Fund, as a series of Exchange Place Advisors Trust (the "Trust"), does not hold itself out as related to any other series of the Trust for purposes of investment and investor services, nor does it share the same investment adviser with any other series.

### Portfolio Manager

#### *Dan Eye Portfolio Manager*

Mr. Eye has served as the Fund's and the Predecessor Fund's Portfolio Manager since December 2021. Mr. Eye is Chief Investment Officer of the Advisor. He joined Fort Pitt Capital in October 2019 and the Advisor in November 2024. Mr. Eye has more than 20 years of investment management experience. Prior to joining Fort Pitt Capital, Mr. Eye served as the Chief Investment Officer of Roof Advisory Group.

The Fund's SAI provides additional information about the portfolio manager, including compensation, other accounts managed, and ownership of Fund shares.

## SHAREHOLDER INFORMATION

### Pricing of Fund Shares

Shares of the Fund are sold at NAV per share, which is calculated as of the close of regular trading (generally, 4:00 p.m., Eastern Time) on each day that the New York Stock Exchange (the “NYSE”) is open for unrestricted business. However, the Fund’s NAV may be calculated earlier if trading on the NYSE is restricted or as permitted by the SEC. The NYSE is closed on weekends and most national holidays, including New Year’s Day, Martin Luther King, Jr. Day, Washington’s Birthday/Presidents’ Day, Good Friday, Memorial Day, Juneteenth, Independence Day, Labor Day, Thanksgiving Day and Christmas Day. The NAV will not be calculated on days when the NYSE is closed for trading.

Purchase and redemption requests are priced based on the next NAV per share calculated after receipt of such requests. The NAV is the value of the Fund’s securities, cash and other assets, minus all expenses and liabilities (assets – liabilities = NAV). NAV per share is determined by dividing NAV by the number of shares outstanding (NAV/ # of shares = NAV per share). The NAV takes into account the expenses and fees of the Fund, including management and administration fees, which are accrued daily.

In calculating the NAV, portfolio securities are valued using current market values or official closing prices, if available. Each security owned by the Fund that is listed on a securities exchange is valued at its last sale price on that exchange on the date as of which assets are valued. Where the security is listed on more than one exchange, the Fund will use the price of the exchange that the Fund generally considers to be the principal exchange on which the security is traded.

When market quotations are not readily available, a security or other asset is valued at its fair value as determined under procedures adopted by the Advisor and approved by the Board. These fair value procedures will also be used to price a security when corporate events, events in the securities market and/or world events cause the Advisor to believe that a security’s last sale price may not reflect its actual market value. The intended effect of using fair value pricing procedures is to ensure that the Fund is accurately priced.

### How to Buy Shares

You may purchase shares of the Fund without any sales charge directly from the Fund by check, via electronic funds transfer through the Automated Clearing House (“ACH”) network by telephone, by wire transfer, through the Automatic Investment Plan (“AIP”), or through a bank or one or more brokers authorized as agents by the Fund to receive purchase orders. Initial investments in the Fund cannot be made via ACH. Shares are also available through “fund supermarkets” or similar programs that offer access to a broad array of mutual funds. Such agents are authorized to designate other intermediaries to receive purchase orders on the Fund’s behalf. Please note that your broker or other agent may charge you a fee when you purchase shares of the Fund. The broker or other agent is also responsible for processing your order correctly and promptly, keeping you advised regarding the status of your individual account, confirming your transactions and ensuring that you receive a copy of the Fund’s Prospectus. Please use the appropriate account application when purchasing by mail or wire. If you have any questions or need further information about how to purchase shares of the Fund, you may call a customer service representative of the Fund toll-free at 1-866-688-8775. The Fund reserves the right to reject any purchase order. For example, a purchase order may be refused if, in the Advisor’s opinion, it is so large that it would disrupt the management of the Fund. Orders may also be rejected from persons believed by the Fund to be “market timers.”

All checks must be in U.S. dollars drawn on a domestic financial institution. The Fund will not accept payment in cash or money orders. To prevent check fraud, the Fund will not accept third party checks, U.S. Treasury checks, credit card checks, traveler’s checks or starter checks for the purchase of shares. The Fund is unable to accept post-dated checks or any conditional order or payment.

In compliance with the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the “USA PATRIOT Act”), please note that Ultimus Fund Solutions, LLC (the “Transfer Agent”) will verify certain information on your account application as part of the Trust’s Anti-Money Laundering Program. As requested on the account application, you must supply your full name, date of birth, social security number and permanent street address. If you are opening the account in the name of a legal entity (*e.g.*, partnership, limited liability company, business trust, corporation, etc.), you must provide the identity of the beneficial owners. Mailing addresses containing only a P.O. Box will not be accepted. Please contact the Transfer Agent at 1-866-688-8775 if you need additional assistance when completing your account application.

If the Transfer Agent does not have a reasonable belief of the identity of an investor, the account application will be rejected or the investor will not be allowed to perform a transaction on the account until such information is received. In the rare event that the Transfer Agent is unable to verify your identity, the Fund reserves the right to redeem your account at the current day’s net asset value.

Shares of the Fund have not been registered for sale outside of the United States. The Trust generally does not sell shares to investors residing outside of the United States, even if they are United States citizens or lawful permanent residents, except to investors with United States military APO or FPO addresses.

**Minimum Investments.** The minimum initial investment in the Fund is \$2,500 and each additional investment must be at least \$100. If you choose to participate in the AIP, the minimum initial investment is \$1,000. The minimum initial investment for qualified retirement accounts is \$2,500 (\$2,000 for Coverdell Education Savings Accounts) and there is no minimum for subsequent investments. The Fund may change its policies concerning minimum investment amounts at any time.

The Fund's minimum investment requirements may be waived from time to time by the Advisor, and for the following types of shareholders:

- current and retired employees, directors/trustees and officers of the Trust, the Advisor and its affiliates and certain family members of each of them (*i.e.*, spouse, domestic partner, child, parent, sibling, grandchild and grandparent, in each case including in-law, step and adoptive relationships);
- any trust, pension, profit sharing or other benefit plan for current and retired employees, directors/trustees and officers of the Advisor and its affiliates;
- current employees of the Transfer Agent, broker-dealers who act as selling agents for the Fund, intermediaries that have marketing agreements in place with the Advisor and the immediate family members of any of them;
- existing clients of the Advisor, their employees and immediate family members of such employees;
- registered investment advisers who buy through a broker-dealer or service agent who has entered into an agreement with the Fund's distributor; and
- qualified broker-dealers who have entered into an agreement with the Fund's distributor.

#### ***Purchasing Shares by Mail***

Please complete the new account application and mail it with your check, payable to the ***Fort Pitt Capital Total Return Fund***, to the Transfer Agent at the following address:

Fort Pitt Capital Total Return Fund  
c/o Ultimus Fund Solutions, LLC  
P.O. Box 46707  
Cincinnati, OH 45246-0707

You may not send an account application via overnight delivery to a United States Postal Service post office box. If you wish to use an overnight delivery service, send your account application and check to the Transfer Agent at the following address:

Fort Pitt Capital Total Return Fund  
c/o Ultimus Fund Solutions, LLC  
225 Pictoria Drive, Suite 450  
Cincinnati, OH 45246

**Note:** The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, a deposit in the mail or with such services, or receipt at the Transfer Agent's post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent's office.

#### ***Purchasing Shares by Telephone***

Unless you declined telephone options on your account application or by subsequent arrangement in writing with the Fund, you may purchase additional Fund shares by calling the Fund toll-free at 1-866-688-8775. You may not make your initial purchase of Fund shares by telephone. After your account has been open for seven business days, telephone orders will be accepted via electronic funds transfer from your pre-designated bank account through the ACH network. You must have banking information established on your account prior to making a telephone purchase. Only bank accounts held at domestic institutions that are ACH members may be used for telephone transactions. If your order is received prior to 4:00 p.m., Eastern Time, shares will be purchased at the share price next calculated. For security reasons, requests by telephone may be recorded. Once a telephone transaction has been requested, it cannot be canceled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m., Eastern Time).

#### ***Purchasing Shares by Wire***

You may also purchase shares of the Fund by wiring federal funds from your bank, which may charge you a fee for doing so. To wire money, you must call the Transfer Agent at 1-866-688-8775 to obtain instructions on how to set up your account and to obtain an account number.

You must provide a signed application to the Transfer Agent at the above address, to complete your initial wire purchase. Wire orders will be accepted only on a day on which the Fund, the custodian and the transfer agent are open for business. A wire purchase will not be considered made until the wired money is received and the purchase is accepted by the Fund. The purchase price per share will be the NAV determined after the wire purchase is received by the Fund. Any delays which may occur in wiring money, including delays which may occur in processing by the banks, are not the responsibility of the Fund or the Transfer Agent. There is presently no fee for the receipt of wired funds, but the Fund may charge shareholders for this service in the future.

### ***Purchasing Shares through the Automatic Investment Plan***

You may open your account with a reduced initial minimum investment of \$1,000 if you also make additional purchases of Fund shares at regular intervals through the AIP. Otherwise, once your account has been opened with the initial minimum investment of \$2,500, you may make additional purchases of Fund shares at regular intervals through the AIP. The AIP provides a convenient method to have monies deducted from your bank account, for investment into the Fund, on a monthly or quarterly basis. In order to participate in the AIP, each purchase must be in the amount of \$100 or more, and your financial institution must be a member of the ACH network. If your bank rejects your payment, the Transfer Agent will charge a \$25 fee to your account. To begin participating in the AIP, please complete the Automatic Investment Plan section on the account application or call the Transfer Agent at 1-866-688-8775 for additional information. Any request to change or terminate your AIP should be submitted to the Transfer Agent at least five calendar days prior to the automatic investment date.

### ***Purchasing Shares through a Broker***

You may buy shares of the Fund through certain brokers and financial intermediaries (and their agents) (collectively, "Brokers") that have made arrangements with the Fund to sell its shares. When you place your order with such a Broker, your order is treated as if you had placed it directly with the Transfer Agent, and you will pay or receive the next applicable price calculated by the Fund. Brokers may be authorized by the Fund's principal underwriter to designate other brokers and financial intermediaries to accept orders on a Fund's behalf. An order is deemed to be received when a Fund, a Broker or, if applicable, a Broker's authorized designee accepts the order. The Broker holds your shares in an omnibus account in the Broker's name, and the Broker maintains your individual ownership records. The Advisor may pay the Broker for maintaining these records as well as providing other shareholder services. The Broker may charge you a fee for handling your order. The Broker is responsible for processing your order correctly and promptly, keeping you advised regarding the status of your individual account, confirming your transactions and ensuring that you receive copies of the Fund's Prospectus.

### ***Purchasing Shares In-Kind***

In addition to cash purchases, Fund shares may be purchased by tendering payment in-kind in the form of shares of stock, bonds or other securities. Any securities used to buy Fund shares must be readily marketable, their acquisition consistent with the Fund's objective and otherwise acceptable to the Advisor and the Board. For further information, you may call a customer service representative of the Fund toll-free at 1-866-688-8775.

### **Additional Purchase Information**

To make additional investments once you have opened your account, write your account number on the check and send it together with the Invest by Mail form from your most recent confirmation statement received from the Transfer Agent. If you do not have the Invest by Mail form, include the Fund name, address, and account number on a separate piece of paper along with your check. If your payment (whether by check or electronic means) is returned for any reason, your purchase will be canceled and a \$25 fee will be assessed against your account by the Transfer Agent. You may also be responsible for any loss sustained by the Fund.

### **Other Fees**

The Fund's Transfer Agent may charge account maintenance or transaction fees including, but not limited to, an annual IRA custodial fee (currently \$25), statement retrieval fees (currently \$25 per request) and fees for removal of excess contributions or Roth conversions or recharacterizations (currently \$25 per transaction). These fees may change in the future.

### **How to Sell Shares**

You may sell (redeem) your Fund shares on any day the Fund and the NYSE are open for business either directly to the Fund by written request, by telephone via electronic funds transfer through the ACH network, by wire transfer, through the Systematic Withdrawal Plan ("SWP"), or through your Broker. As discussed below, you may receive proceeds of your sale in a check, ACH, or federal wire transfer. The Fund typically expects that it will take one to three days following the receipt of your redemption request in good order, to pay out redemption proceeds. However, while not expected, payment of redemption proceeds may take up to seven days if sending proceeds earlier could adversely affect the Fund. There may also be temporary holds on redemptions from an account when there is a reasonable belief of financial exploitation. If you did not purchase your shares with a wire payment, the Fund may delay payment of your redemption proceeds for up to 15 calendar days from purchase or until your payment has cleared, whichever occurs first.

The Fund typically expects that it will hold cash or cash equivalents to meet redemption requests. The Fund may also use the proceeds from the sale of portfolio securities to meet redemption requests if consistent with the management of the Fund. These redemption methods will be used regularly and may also be used in unusual market conditions.

The Fund reserves the right to redeem in-kind as described under “Redeeming Shares In-Kind” below. Redemptions in-kind are typically used to meet redemption requests that represent a large percentage of the Fund’s net assets in order to minimize the effect of large redemptions on the Fund and its remaining shareholders. Redemptions in-kind are typically only used in unusual market conditions.

### ***Redeeming Shares In Writing***

You may redeem your shares by sending a written request to the Transfer Agent. You should provide your account number and state whether you want all or some of your shares redeemed. The letter should be signed by all of the shareholders whose names appear on the account registration and include a signature guarantee(s), if necessary. You should send your redemption request to:

#### **Regular Mail**

Fort Pitt Capital Total Return Fund  
c/o Ultimus Fund Solutions, LLC  
P.O. Box 46707  
Cincinnati, OH 45246-0707

#### **Overnight Express Mail**

Fort Pitt Capital Total Return Fund  
c/o Ultimus Fund Solutions, LLC  
225 Pictoria Drive, Suite 450  
Cincinnati, OH 45246

**NOTE:** The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, a deposit in the mail or with such services, or receipt at the Transfer Agent’s post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent’s offices.

### ***Redeeming Shares by Telephone or Wire***

Unless you declined the telephone option on your account application, you may redeem your shares, between \$500 and \$50,000, by calling the Transfer Agent at 1-866-688-8775 before the close of trading on the NYSE (which is generally 4:00 p.m., Eastern Time). Redemption proceeds will be processed on the next business day and sent to the address that appears on the Transfer Agent’s records or via ACH to a previously established bank account. If you request, redemption proceeds will be wired on the next business day to the bank account you designated on the account application. The minimum amount that may be wired is \$1,000. A wire fee of \$15 will be deducted from your redemption proceeds for complete and share certain redemptions. In the case of a partial redemption, the fee will be deducted from the remaining account balance. Telephone redemptions cannot be made if you notified the Transfer Agent of a change of address within 15 calendar days before the redemption request.

You may request telephone redemption privileges after your account is opened by calling the Transfer Agent at 1-866-688-8775 for instructions. Telephone privileges and account designations may be changed by sending the Transfer Agent a written request with all signatures guaranteed as described below. The Fund and the Transfer Agent are not liable for following redemption instructions communicated by telephone that they reasonably believe to be genuine. However, if the Fund and the Transfer Agent do not employ reasonable procedures to confirm that telephone instructions are genuine, they may be liable for any losses due to unauthorized or fraudulent instructions. Procedures employed may include recording telephone instructions and requiring a form of personal identification from the caller.

You may encounter higher than usual call wait times during periods of high market activity. Please allow sufficient time to ensure that you will be able to complete your telephone transaction prior to market close. If you are unable to contact the Fund by telephone, you may mail your redemption request in writing to the address noted above. Once a telephone transaction has been accepted, it may not be canceled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m., Eastern Time).

### ***Redeeming Shares Through the Systematic Withdrawal Plan***

As another convenience, you may redeem your shares through the SWP. Under the SWP, shareholders or their Brokers may request that a payment drawn in a predetermined amount be sent to them on a monthly, quarterly or annual basis. In order to participate in the SWP, your account balance must be at least \$10,000 and each withdrawal amount must be for a minimum of \$250. If you elect this method of redemption, the Fund will send a check directly to your address of record or will send the payment directly to your bank account via electronic funds transfer through the ACH network. For payment through the ACH network, your bank must be an ACH member and your bank account information must be previously established on your account. The SWP may be terminated at any time by the Fund. You may also elect to terminate your participation in the SWP by communicating in writing or by telephone (1-866-688-8775) to the Transfer Agent no later than five days before the next scheduled withdrawal.

A withdrawal under the SWP involves a redemption of shares and may result in a gain or loss for federal income tax purposes. In addition, if the amount withdrawn exceeds the dividends credited to your account, the account ultimately may be depleted. To establish a SWP, an investor must complete the appropriate section of the new account application. For additional information on the SWP, please call the Transfer Agent at 1-866-688-8775.

### ***Redeeming Shares Through a Broker***

You may redeem the Fund's shares through Brokers. Redemptions made through a Broker may be subject to procedures established by them. Your Broker is responsible for sending your order to the Fund and for crediting your account with the proceeds. For redemption through Brokers, orders will be processed at the NAV per share next effective after receipt by the Broker of the order. Please keep in mind that your Broker may charge additional fees for its services. Investors should check with their Broker to determine if it is subject to these arrangements.

### ***Redeeming Shares "In-Kind"***

The Fund reserves the right to pay redemption proceeds to you in whole or in part by a distribution of securities from the Fund's portfolio (a "redemption in-kind"). It is not expected that the Fund would do so except during unusual market conditions. A redemption, whether in cash or in-kind, is a taxable event to you. If the Fund pays your redemption proceeds by a distribution of securities, you could incur brokerage or other charges in converting the securities to cash and will bear any market risks associated with such securities until they are converted into cash.

### ***Signature Guarantees***

Signature guarantees will generally be accepted from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program. *A notary public is not an acceptable signature guarantor.*

A signature guarantee, from either a Medallion program member or a non-Medallion program member, is required in the following situations:

- When ownership is being changed on your account;
- When redemption proceeds are payable or sent to any person, address or bank account not on record;
- When a redemption is received by the Transfer Agent and the account address has changed within the last 15 calendar days;
- For all redemptions in excess of \$50,000 from any shareholder account.

Non-financial transactions, including establishing or modifying certain services on an account, may require a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source.

In addition to the situations described above, the Fund and/or the Transfer Agent may require a signature guarantee or signature validation program stamp in other instances based on the circumstances.

### **Cost Basis Information**

Federal tax law requires that regulated investment companies, such as the Fund, report its shareholders' cost basis, gain/loss, and holding period to the IRS on the shareholders' Consolidated Form 1099s when "covered" shares of the regulated investment companies are sold. Covered shares are any shares acquired (including pursuant to a dividend reinvestment plan) on or after January 1, 2012.

The Fund has chosen average cost as its standing (default) tax lot identification method for all shareholders, which means this is the method the Fund will use to determine which specific shares are deemed to be sold when there are multiple purchases on different dates at differing net asset values, and the entire position is not sold at one time. The Fund's standing tax lot identification method is the method it will use to report the sale of covered shares on your Consolidated Form 1099 if you do not select a specific tax lot identification method. Redemptions are taxable and you may realize a gain or a loss upon the sale of your shares. Certain shareholders may be subject to backup withholding.

Subject to certain limitations, you may choose a method other than the Fund's standing method at the time of your purchase or upon the sale of covered shares. **For all shareholders using a method other than the specific tax lot identification method, the Fund first redeems shares you acquired on or before December 30, 2011, and then applies your elected method to shares acquired after that date.** Please refer to the appropriate Treasury regulations or consult your tax adviser with regard to your personal circumstances.

### **Other Information about Redemptions**

The Fund may redeem the shares in your account if the value of your account is less than \$1,000 as a result of redemptions you have made. This does not apply to retirement plan or Uniform Gifts or Transfers to Minors Act accounts. You will be notified that the value of your account is less than \$1,000 before the Fund makes an involuntary redemption. You will then have 60 days in which to make an additional investment to bring the value of your account to at least \$1,000 before the Fund takes any action.

### **Other Fees**

The Fund's Transfer Agent may charge account maintenance or transaction fees including, but not limited to, fees for outbound wires (\$15 per wire), IRA withdrawal fees (transfer or redemption) (\$25 per withdrawal), and overnight delivery fees (\$35 per overnight delivery). These fees may change in the future.

## ACCOUNT INFORMATION RECAP

### **To Open an Account**

Regular Account Minimum: \$2,500  
(\$1,000 for AIP accounts)

Retirement Account Minimum: \$2,500  
(\$2,000 for Coverdell Education  
Savings Accounts)

### **To Add to an Account**

Regular and AIP Account Minimum: \$100

Retirement Account Minimum: None

### **To Sell Shares**

Shareholders who have an IRA or other retirement plan must indicate on their written redemption request whether to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to a 10% withholding.

### **In Writing**

Complete the Application.

### **In Writing**

Complete the detachable investment slip from your confirmation statement, or if the slip is not available, include a note specifying the Fund's name, your account number and the name on the account.

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at the Transfer Agent's post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent of the Fund.

### **In Writing**

Write a letter of instruction that includes:  
- your name(s) and signature(s)  
- your account number  
- the Fund's name  
- the dollar or share amount you want to sell

Proceeds will be sent to the address of record unless specified in the letter and accompanied by a signature guarantee (if applicable).

### **In Writing**

Mail your Application along with your check made payable to "Fort Pitt Capital Total Return Fund" to:

Fort Pitt Capital Total Return Fund  
c/o Ultimus Fund Solutions, LLC  
P.O. Box 46707  
Cincinnati, OH 45246-0707

Complete the form, specifying the amount and frequency of withdrawals you would like. Be sure to maintain an account balance of \$10,000 or more.</p>

(1) Unless you have instructed us otherwise, if an account has more than one owner or authorized person, the Fund will accept telephone instructions from any one owner or authorized person. All telephone calls are recorded for your protection and reasonable procedures are taken to verify the identity of the caller (such as providing your account number and taxpayer identification number). If such measures are followed to ensure against unauthorized transactions, neither the Trust, the Advisor, the Transfer Agent nor Ultimus Fund Distributors, LLC (the “Distributor”) will be responsible for any losses. Written confirmation will be provided for all purchase and redemption transactions initiated by the telephone. The Fund reserves the right to refuse a request to sell shares by wire or telephone if it is believed the request was not received in good order. Procedures for selling shares of the Fund by wire or telephone may be modified or terminated at any time.

## RETIREMENT INVESTING

You may purchase Fund shares for use in all types of tax-deferred qualified retirement plans, such as IRAs, employer-sponsored retirement plans (including 401(k) Plans), and tax-sheltered custodial accounts described in Section 403(b) of the Internal Revenue Code. Distributions of net investment income and capital gains will be automatically reinvested in the Fund through such plans or accounts. Special applications for certain of these plans or accounts are required and can be obtained by calling or writing the Fund.

There may be special distribution requirements for a retirement account, such as required distributions or mandatory Federal income tax withholding. For more information, call the Fund's Transfer Agent at 1-866-688-8775. You may be charged a \$25 annual account maintenance fee for each retirement account and a \$25 fee for transferring assets to another custodian or for closing a retirement account. Fees charged by institutions may vary.

## DIVIDENDS AND DISTRIBUTIONS

The Fund will make distributions of dividends and capital gains, if any, at least annually, typically in December. The Fund may make an additional payment of dividends or distributions of capital gains if it deems it desirable at any other time of the year.

All distributions will be reinvested in Fund shares unless you choose one of the following options: (1) receive dividends in cash while reinvesting capital gain distributions in additional Fund shares; (2) reinvest dividends in additional Fund shares and receive capital gains in cash; or (3) receive all distributions in cash. Dividends are taxable whether received in cash or in additional shares.

If you elect to receive distributions in cash and the U.S. Postal Service cannot deliver the check, or if a check remains outstanding for six months, the Fund reserves the right to reinvest the distribution check in your account, at the Fund's current NAV per share, and to reinvest all subsequent distributions. If you wish to change your distribution option, notify the Transfer Agent in writing or by telephone at least five days in advance of the payment date for the distribution.

Any dividend or capital gain distribution paid by the Fund has the effect of reducing the NAV per share on the ex-dividend date by the amount of the dividend or capital gain distribution. You should note that a dividend or capital gain distribution paid on shares purchased shortly before that dividend or capital gain distribution was declared will be subject to income taxes even though the dividend or capital gain distribution represents, in an economic sense, a partial return of capital to you.

## TOOLS TO COMBAT FREQUENT TRANSACTIONS

The Board has adopted policies and procedures to prevent frequent transactions in the Fund. The Fund discourages excessive, short-term trading and other abusive trading practices that may disrupt portfolio management strategies and harm the Fund's performance. The Fund may decide to restrict purchase and sale activity in their shares based on various factors, including whether frequent purchase and sale activity will disrupt portfolio management strategies and adversely affect the Fund's performance or whether the shareholder has conducted four round trip transactions within a 12-month period. The Fund takes steps to reduce the frequency and effect of these activities in the Fund. These steps include monitoring trading practices and using fair value pricing. Although these efforts (which are described in more detail below) are designed to discourage abusive trading practices, these tools cannot eliminate the possibility that such activity may occur. Further, while the Fund makes efforts to identify and restrict frequent trading, the Fund receives purchase and sale orders through financial intermediaries and cannot always know or detect frequent trading that may be facilitated by the use of intermediaries or the use of group or omnibus accounts by those intermediaries. The Fund seeks to exercise its judgment in implementing these tools to the best of its abilities in a manner that the Fund believes is consistent with shareholder interests.

**Monitoring Trading Practices.** The Fund monitors selected trades in an effort to detect excessive short-term trading activities. If, as a result of this monitoring, the Fund believes that a shareholder has engaged in excessive short-term trading, it may, in its discretion, ask the shareholder to stop such activities or refuse to process purchases in the shareholder's accounts. In making such judgments, the Fund seeks to act in a manner that it believes is consistent with the best interests of shareholders. Due to the complexity and subjectivity involved in identifying abusive trading activity and the volume of shareholder transactions the Fund handles, there can be no assurance that the Fund's efforts will identify all trades or trading practices that may be considered abusive. In addition, the Fund's ability to monitor trades that are placed by individual shareholders within group or omnibus accounts maintained by financial intermediaries is limited because the Fund does not have simultaneous access to the underlying shareholder account information.

In compliance with Rule 22c-2 of the Investment Company Act of 1940, as amended, the "Distributor", on behalf of the Fund, has entered into written agreements with each of the Fund's financial intermediaries, under which the intermediary must, upon request, provide the Fund with certain shareholder and identity trading information so that the Fund can enforce its market timing policies.

**Fair Value Pricing.** The Fund employs fair value pricing selectively to ensure greater accuracy in its daily NAV and to prevent dilution by frequent traders or market timers who seek to take advantage of temporary market anomalies. The Advisor has developed procedures which utilize fair value pricing when reliable market quotations are not readily available or the Fund's pricing service does not provide a valuation (or provides a valuation that in the judgment of the Advisor to the Fund does not represent the security's fair value), or when, in the judgment of the Advisor, events have rendered the market value unreliable. Valuing securities at fair value involves reliance on judgment. Fair value determinations are made in good faith in accordance with procedures adopted by the Advisor. There can be no assurance that the Fund will obtain the fair value assigned to a security if it were to sell the security at approximately the time at which the Fund determines its NAV per share.

Fair value pricing may be applied to non-U.S. securities. The trading hours for most non-U.S. securities end prior to the close of the NYSE, the time that the Fund's NAV is calculated. The occurrence of certain events after the close of non-U.S. markets, but prior to the close of the NYSE (such as a significant surge or decline in the U.S. market) often will result in an adjustment to the trading prices of non-U.S. securities when non-U.S. markets open on the following business day. If such events occur, the Fund may value non-U.S. securities at fair value, taking into account such events, when it calculates its NAV. Other types of securities that the Fund may hold for which fair value pricing might be required include, but are not limited to: (a) investments which are not frequently traded and/or the market price of which the Advisor believes may be stale; (b) illiquid securities, including "restricted" securities and private placements for which there is no public market; (c) securities of an issuer that has entered into a restructuring; (d) securities whose trading has been halted or suspended; and (e) fixed income securities that have gone into default and for which there is not a current market value quotation.

More detailed information regarding fair value pricing can be found under the heading titled, "Pricing of Fund Shares."

## TAX CONSEQUENCES

The Fund has elected and intends to continue to qualify to be taxed as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). As a regulated investment company, the Fund will not be subject to federal income tax if it distributes its income as required by the tax law and satisfies certain other requirements that are described in the SAI.

The Fund typically makes distributions of dividends and capital gains. Dividends are taxable to you as ordinary income or, in some cases, qualified dividend income, depending on the source of such income to the distributing Fund and the holding period of the Fund for its dividend-paying securities and of you for your Fund shares. The rate you pay on capital gain distributions will depend on how long the Fund held the securities that generated the gain, not on how long you owned your Fund shares. You will be taxed in the same manner whether you receive your dividends and capital gain distributions in cash or reinvest them in additional Fund shares. Generally, none or only a small portion of the dividends paid to you as a result of the Fund’s investment in real estate investment trusts is anticipated to be qualified dividend income eligible for taxation by individuals at long-term capital gain tax rates. The eligibility for qualified dividend tax rates depends on the underlying investments of the Fund. Some or all of your distributions may not be eligible for this preferential tax rate. Although distributions are generally taxable when received, certain distributions declared in October, November, or December to shareholders of record on a specified date in such a month but paid in January are taxable as if received the prior December. Dividends and net capital gains are subject to a 3.8% surtax on net investment income for non-corporate shareholders in the higher tax brackets.

For taxable years beginning after 2017 and before 2025, non-corporate taxpayers generally may deduct 20% of the “qualified business income” derived either directly or through partnerships or S corporations. For this purpose, “qualified business income” generally includes dividends paid by a real estate investment trust (“REIT”) and certain income from publicly traded partnerships. Regulations recently adopted by the United States Treasury allow non-corporate shareholders of the Fund to benefit from the 20% deduction with respect to net REIT dividends received by the Fund if the Fund meets certain reporting requirements. There is currently no mechanism for the Fund, to the extent that the Fund invests in MLPs, to pass through to non-corporate shareholders the character of income derived from MLP investments so as to allow such shareholders to claim this deduction. It is uncertain whether future legislation or other guidance will enable the Fund to pass through to non-corporate shareholders the ability to claim this deduction.

By law, the Fund must withhold from your taxable distributions and redemption proceeds an amount as backup withholding determined at a rate as set forth under section 3406 of the Code, if you do not provide your correct Social Security or taxpayer identification number and certify that you are not subject to backup withholding, or if the Internal Revenue Service instructs the Fund to do so (24% as of the date of this Prospectus).

If you sell your Fund shares it is a taxable event for you. Depending on the purchase and sale price of the shares you sell, you may have a gain or a loss on the transaction. The Code limits the deductibility of capital losses in certain circumstances. You are responsible for any tax liabilities generated by your transaction.

The Fund’s distributions, whether received in cash or reinvested in additional shares of the Fund, may be subject to federal, state and local income tax. In managing the Fund, the Advisor does not consider the tax effects of its investment decisions to be of primary importance. Shareholders should note that the Fund may make taxable distributions of income and capital gains even when share values have declined.

Additional information concerning taxation of the Fund and its shareholders is contained in the SAI. You should consult your own tax advisor concerning federal, state and local taxation of distributions from the Fund.

## MARKETING AND DISTRIBUTION ARRANGEMENTS

The Fund's shares are offered directly from the Fund and through certain financial supermarkets and retirement plans, investment advisors and consultants, financial planners, brokers, dealers and other investment professionals. The shares are offered and sold without any sales charges imposed by the Fund or the Distributor.

Investment professionals who offer the Fund's shares generally are paid separately by their individual clients. If you invest through a third party, you may be charged transaction fees or be subject to a set of different minimum investment amounts. In addition, investing through a third party often results in short-term redemption fees for Fund shares held less than 90 days.

The Fund has adopted a distribution and service plan pursuant to Rule 12b-1 under the Investment Company Act of 1940, as amended (the "Distribution and Service Plan"), but the Fund does not intend to implement the Distribution and Service Plan or authorize any payments under the Distribution and Service Plan.

If the Distribution and Service Plan is implemented, the Fund would reimburse the Distributor or others for amounts spent in connection with the sales and distribution of its shares or for shareholder servicing activities. Distribution activities include the preparation, printing and mailing of prospectuses, shareholder reports and sales materials for marketing purposes, marketing activities, advertising and payments to brokers or others who sell shares of the Fund. Shareholder servicing activities include ongoing maintenance and service of shareholder accounts for the Fund, responding to inquiries regarding shareholder accounts and acting as agent or intermediary between shareholders and the Fund or its service providers. The maximum amount that the Fund would pay for any distribution activities is limited to 0.25% per year of the average daily net assets of the Fund. Because these fees would be paid out of the Fund's assets on an ongoing basis, over time these fees would increase the cost of your investment and may cost you more than paying other types of sales charges. If the Board of Trustees determines it is in the Trust's best interests to begin charging the Fund fees under the Distribution and Service Plan, the fees would primarily be used to compensate the Distributor and mutual fund supermarkets or retirement plan recordkeepers for their activities on behalf of the Fund and its shareholders. Currently, all marketing and distribution expenses of the Fund are paid by the Advisor, with the exception of certain Sub-Transfer Agency reimbursements which are paid by the Fund to the Advisor. The Board of Trustees reviews and approves the fees paid by the Advisor and the Fund at least annually.

Ultimus Fund Solutions, LLC ("Ultimus") serves as the administrator, Transfer Agent, and dividend disbursing agent for the Fund. The Fund may also compensate other parties who provide transfer agency services in addition to those provided by Ultimus. U.S. Bank N.A. serves as the custodian for the Fund.

## GENERAL POLICIES

Some of the following policies are mentioned above. In general, the Fund reserves the right to:

- Refuse, change, discontinue, or temporarily suspend account services, including purchase, or telephone redemption privileges, for any reason;
- Reject any purchase request for any reason. Generally, the Fund will do this if the purchase is disruptive to the efficient management of the Fund (due to the timing of the investment or an investor's history of excessive trading);
- Redeem all shares in your account if your balance falls below a \$1,000 due to redemption activity. If, within 60 days of the Fund's written request, you have not increased your account balance, you may be required to redeem your shares. The Fund will not require you to redeem shares if the value of your account drops below the investment minimum due to fluctuations of NAV; and
- Reject any purchase or redemption request that does not contain all required documentation or in circumstances where financial exploitation is suspected.

If you elect telephone privileges on the account application or in a letter to the Fund, you may be responsible for any fraudulent telephone orders as long as the Fund has taken reasonable precautions to verify your identity. In addition, once you place a telephone transaction request, it cannot be canceled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m., Eastern Time).

Telephone trades must be received by or prior to market close. During periods of high market activity, shareholders may encounter higher than usual call wait times. Please allow sufficient time to ensure that you will be able to complete your telephone transaction prior to market close. If you are unable to contact the Fund by telephone, you may also mail your request to the Fund at the address listed under "Purchasing Shares by Mail."

Your financial intermediary may establish policies that differ from those of the Fund. For example, the organization may charge transaction fees, set higher minimum investments, or impose certain limitations on buying or selling shares in addition to those identified in this Prospectus. Contact your financial intermediary for details.

## Householding

In an effort to decrease costs, the Fund intends to reduce the number of duplicate prospectuses, proxy statements and other similar documents you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders the Transfer Agent reasonably believes are from the same family or household. Once implemented, if you would like to discontinue householding for your accounts, please call toll-free at 1-866-688-8775 to request individual copies of these documents. Once the Transfer Agent receives notice to stop householding, the Transfer Agent will begin sending individual copies thirty days after receiving your request. This policy does not apply to account statements.

## Lost Shareholders, Inactive Accounts and Unclaimed Property

It is important that the Fund maintain a correct address for each shareholder. An incorrect address may cause a shareholder's account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the shareholder or rightful owner of the account. If the Fund is unable to locate the shareholder, then it will determine whether the shareholder's account can legally be considered abandoned. Your mutual fund account may be transferred to the state government of your state of residence if no activity occurs within your account during the "inactivity period" specified in your state's abandoned property laws. The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. The shareholder's last known address of record determines which state has jurisdiction. Please proactively contact the Transfer Agent toll-free at 1-866-688-8775 at least annually to ensure your account remains in active status.

If you are a resident of the state of Texas, you may designate a representative to receive notifications that, due to inactivity, your mutual fund account assets may be delivered to the Texas Comptroller. Please contact the Transfer Agent if you wish to complete a Texas Designation of Representative form.

## Investment by Other Investment Companies

For purposes of the 1940 Act, the Fund is a registered investment company, and the acquisition of the Fund's shares by other investment companies is subject to restrictions of Section 12(d)(1) thereof. Rule 12d1-4 under the 1940 Act allows a registered investment company to invest the Fund shares beyond the limits of Section 12(d)(1) subject to certain conditions, including that a registered investment company enters into an Investment Agreement with the Trust regarding the terms of the investment. Any investment company considering purchasing shares of the Fund in amounts that would cause it to exceed the restrictions of Section 12(d)(1) should contact the Fund.

## INDEX DESCRIPTION

**Please note that you cannot invest directly in an index, although you may invest in the underlying securities represented in the index. Index returns are adjusted to reflect the reinvestment of dividends on securities in the index, but do not reflect the expenses of the Fund.**

The **S&P 500® Index** is a market-capitalization-weighted index of the 500 largest U.S. publicly traded companies. The S&P 500 Index is a float-weighted index, meaning company market capitalizations are adjusted by the number of shares available for public trading.

## FINANCIAL HIGHLIGHTS

The financial highlights table is intended to help you understand the Fund's financial performance for the past five years. Certain information reflects financial results for a single Fund share. The total returns in the table represent the rate an investor would have earned or lost on an investment in the Fund, assuming the reinvestment of all dividends and distributions. On June 28, 2024, pursuant to a reorganization, the Fund acquired all of the assets, and assumed all of the liabilities, of the Predecessor Fund. Upon completion of the reorganization, the Fund assumed the performance, financial and other historical information of the Predecessor Fund. Financial performance shown below prior to June 28, 2024, is that of the Predecessor Fund.

The information for the fiscal year ended October 31, 2024, has been audited by Cohen & Company, Ltd., the Fund's independent registered public accounting firm, whose report, along with the Fund's audited financial statements, is included in the Fund's most recent Form N-CSR filing, which is available without charge upon request. The financial information for the fiscal years ended prior to October 31, 2024 were audited by another auditor whose report expressed unqualified opinions on those financial statements and financial highlights.

For a share outstanding during each period

	For the Years Ended October 31,				
	2024	2023	2022	2021	2020
<b>Selected Per Share Data:</b>					
<b>Net asset value, beginning of year</b>	\$25.66	\$26.81	\$34.53	\$25.06	\$27.35
<b>Income from investment operations:</b>

<b>Less distributions to shareholders from:</b>					
Net investment income	(0.25)	(0.22)	(0.20)	(0.26)	(0.28)
Net realized gains	(4.41)	(2.04)	(2.14)	—	(1.95)
Total distributions	(4.66)	(2.26)	(2.34)	(0.26)	(2.23)
<b>Redemption fees</b>	—	—	—	— <sup>(a)</sup>	0.00 <sup>(a)</sup>
<b>Net asset value, end of year</b>	\$29.82	\$25.66	\$26.81	\$34.53	\$25.06
<b>Total return<sup>(b)</sup></b>	38.26%	4.07%	(16.87)%	39.00%	(0.76)%
<b>Ratios and supplemental data:</b>					
Net assets, end of year (000 omitted)	\$63,664	\$57,727	\$64,601	\$87,011	\$69,387
Ratio of net expenses to average net assets:					
Before fee waivers	1.18%	1.17%	1.14%	1.15%	1.39%
After fee waivers	1.00%	1.00%	1.00%	1.04%	1.24%
Ratio of net investment income to average net assets:					
Before fee waivers	0.03%	0.67%	0.53%	0.48%	0.93%
After fee waivers	0.21%	0.84%	0.67%	0.59%	1.08%
Portfolio turnover rate	14%	19%	14%	4%	8%

(a) Rounds to less than \$0.01 per share.

(b) Total returns would have been lower had expenses not been waived by the Advisor. Returns shown do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or the redemption of Fund shares.

## PRIVACY NOTICE

### FACTS

#### WHAT DOES THE FORT PITT CAPITAL TOTAL RETURN FUND DO WITH YOUR PERSONAL INFORMATION?

#### Why?

Financial companies choose how they share your personal information. Federal law gives consumers the right to limit some, but not all sharing. Federal law also requires us to tell you how we collect, share, and protect your personal information. Please read this notice carefully to understand what we do.

#### What?

The types of personal information we collect and share depends on the product or service that you have with us. This information can include:

- Social Security number and wire transfer instructions
- account transactions and transaction history
- investment experience and purchase history

When you are *no longer* our customer, we continue to share your information as described in this notice.

#### How?

All financial companies need to share customers' personal information to run their everyday business. In the section below, we list the reasons financial companies can share their customers' personal information; the reasons the Fund chooses to share; and whether you can limit this sharing.

Reasons we can share your personal information:	Does the Fund share information?	Can you limit this sharing?
<b>For our everyday business purposes</b> - such as to process your transactions, maintain your account(s), respond to court orders and legal investigations, or report to credit bureaus.	<b>YES</b>	<b>NO</b>
<b>For our marketing purposes</b> - to offer our products and services to you.	<b>NO</b>	<b>We don't share</b>
<b>For joint marketing with other financial companies.</b>	<b>NO</b>	<b>We don't share</b>
<b>For our affiliates' everyday business purposes</b> - information about your transactions and records.	<b>NO</b>	<b>We don't share</b>
<b>For our affiliates' everyday business purposes</b> - information about your credit worthiness.	<b>NO</b>	<b>We don't share</b>
<b>For nonaffiliates to market to you</b>	<b>NO</b>	<b>We don't share</b>

**Who we are:**

<b>Who is providing this notice?</b>	Fort Pitt Capital Total Return Fund Ultimus Fund Distributors, LLC (Distributor) Ultimus Fund Solutions, LLC (Administrator and Transfer Agent)
--------------------------------------	---

**What we do:**

<b>How does the Fund protect my personal information?</b>	To protect your personal information from unauthorized access and use, we use security measures that comply with federal law. These measures include computer safeguards and secured files and buildings.  Our service providers are held accountable for adhering to strict policies and procedures to prevent any misuse of your nonpublic personal information.
<b>How does the Fund collect my personal information?</b>	We collect your personal information, for example, when you <ul style="list-style-type: none"> <li>• open an account or deposit money</li> <li>• direct us to buy securities or direct us to sell your securities</li> <li>• seek advice about your investments</li> </ul> We also collect your personal information from others, such as credit bureaus, affiliates, or other companies.
<b>Why can't I limit all sharing?</b>	Federal law gives you the right to limit only: <ul style="list-style-type: none"> <li>• sharing for affiliates' everyday business purposes – information about your creditworthiness.</li> <li>• affiliates from using your information to market to you.</li> <li>• sharing for nonaffiliates to market to you.</li> </ul> State laws and individual companies may give you additional rights to limit sharing.

**Definitions**

<b>Affiliates</b>	Companies related by common ownership or control. They can be financial and nonfinancial companies. <ul style="list-style-type: none"> <li>• <i>Kovitz Investment Group Partners, LLC, the investment adviser to the Fund, could be deemed to be an affiliate.</i></li> <li>• <i>The Fund does not share with affiliates.</i></li> </ul>
<b>Nonaffiliates</b>	Companies not related by common ownership or control. They can be financial and nonfinancial companies. <ul style="list-style-type: none"> <li>• <i>The Fund does not share with nonaffiliates so they can market to you.</i></li> </ul>
<b>Joint marketing</b>	A formal agreement between nonaffiliated financial companies that together market financial products or services to you. <ul style="list-style-type: none"> <li>• <i>The Fund doesn't jointly market.</i></li> </ul>

## ADDITIONAL INFORMATION

You can find more information about the Fund in the following documents:

### Statement of Additional Information

The SAI provides additional details about the investments and techniques of the Fund and certain other additional information. A current SAI is on file with the SEC and is incorporated into this Prospectus by reference. This means that the SAI is legally considered a part of this Prospectus even though it is not physically within this Prospectus.

### Annual and Semi-Annual Reports

Additional information about the Fund's investments is available in the Fund's annual and semi-annual reports (collectively, the "Shareholder Reports") to shareholders and in Form N-CSR. In the Fund's annual report, you will find a discussion of the market conditions and investment strategies that significantly affected the Fund's performance during its last fiscal year. In Form N-CSR, you will find the Fund's annual and semi-annual financial statements. The Shareholder Reports and Form N-CSR are incorporated by reference into this Prospectus, which means they are legally part of this Prospectus,

The SAI, the Shareholder Reports, and other information, such as the Fund's financial statements, are available free of charge on the Fund's website at [www.FortPittCapitalFunds.com](http://www.FortPittCapitalFunds.com). You can obtain a free copy of the SAI, Shareholder Reports, and other information, such as the Fund's financial statements, or make general inquiries about the Fund by calling the Fund (toll-free) at 1-866-688-8775 or by writing to:
